michael-liebert update readme

Latest commit fb534ab on 19 Jul 2013

cgi-bin	add cgi-bin/powermeter	6 years ago
deprecated	move prep.sh to deprecated/	6 years ago
.gitignore	add *.log to .gitignore	6 years ago
Makefile	add Makefile	6 years ago
README.md	update readme	6 years ago
gnublin-ferraris.cpp	rename gnublin-ferraris.c to gnublin-ferraris.cpp	6 years ago
gnublin.cpp	remove UGLY merge tags again	6 years ago
gnublin.h	remove UGLY merge tags again	6 years ago

README.md

gnublin-ferraris

Monitors a power meter by polling a light barrier which observes the power meter's ferraris wheel. Runs as deamon on the GNUBLIN Embedded Linux board (http://gnublin.embedded-projects.net).

Usage:

- make # either on GNUBLIN or on Host Computer with cross-compiler

- ./gnublin-ferraris

- To provide power meter statistics via lighttpd, enable the cgi module of lighttpd and place cgi-bin/powermeter under /usr/lib/cgi-bin/.
